

Collins Chabane Local Municipality Mayor Cllr Shadrack Maluleke has today hosted Mayoral Tihosi/Mahosi forum at the Municipality town hall. The Mayor has urged Traditional leaders to continue committing their support to the leadership of the Municipality as well as being an advisory body of wisdom to the municipality and its people. "As the Municipality we draw much wisdom from our traditional leaders hence we request our traditional leaders to support this government and we should remain unshaken by the enormity of challenges to conquer poverty and underdevelopment that still beset many of our people in the underdeveloped rural areas most of which are within the jurisdiction of traditional leadership. Together, we must continue to champion the hopes of thousands of South Africans who cherish a better life, peace, equity and justice", Said Mayor Maluleke.
