

Mayor Maluleke and Tihosi/Mahosi pledged to continue prioritising community safety and working together to improve development and safety in Collins Chabane:

Mayor of Collins Chabane Local Municipality Cllr Shadrack Maluleke promised traditional leaders during the Tihosi/Mahosi mayoral meeting that the aim of the Municipality is to ensure that Tihosi are treated with utmost respect while also being allowed to champion development for the communities.

The Mayor also used the platform to invite the local SAPS, IEC and Home Affairs to come and listen to the concerns which are raised by traditional leaders as mandated by the communities they lead.

“This meeting strongly discourage the practice of crime and stock theft in our communities. We are in unison with traditional leaders in condemning in the strongest possible terms those who also violate land management legislation”, said Mayor Maluleke.

“We are hoping that the ongoing relationship between the House of Traditional Leaders and the Municipality will ensure the rural communities have access to services and information that will help and enable changes in our villages”.

The Mayor was joined by members of Executive Committee and Chief Whip of the Municipality Cllr Erick Baloyi.
