

The Mayor of Collins Chabane Local Municipality Cllr Shadrack Maluleke has today convened the local Aids Council sitting which deliberated on the municipality's progress and challenges in the fight against HIV, TB and STIs. The meeting was attended by various stakeholders including the Department of Justice, Soul-City, Department of Education, SAPS and the Local Traditional Council. "Our work as the Municipality does not stop at raising awareness on HIV/AIDS. We must address all the social ills that exacerbate its spread, fight any factor that contributes to the spreading of HIV and further extends this battle to all corners of our Municipality", said Mayor Maluleke. "I am inspired in discovering that the presentations made by stakeholders in this meeting show encouraging results in terms of the work that is being done. We must continue seeking progressive solutions to continue our fight against a rapid disease",.
