

Collins Chabane Mayor Cllr Shadrack Gezani Maluleke talks service delivery.

Collins Chabane Local Municipality Mayor Cllr S.G Maluleke is hoping to fast-track service delivery in all areas under the Municipality. The Mayor highlighted the commitment to carry on with quality service delivery during his interview earlier on today with Univen FM.

"We started this term very well under our visionary fallen leader Mayor Moses Maluleke unfortunately we couldn't finish together but as part of honoring him and carrying his legacy forward, together with the entire team assembled under my office and the Municipality staff at large we promise to continue building a better Collins Chabane Municipality", said Mayor Maluleke.

The Mayor has emphasized that issues related to Youth unemployment, poverty, water, roads and Gender Based Violence will continue being the main priorities that should be addressed as soon possible
