

The Collins Chabane Local Municipality is today hosting the Limpopo Department of Agriculture and Rural Development at the Vhuthiho Multipurpose Cooperative Project in Tshikonelo area, Tshamidzi Village, as the LDARD Provincial Mandela Day commemoration officially gets underway. We are deeply honoured to have our MEC, Ms. Nakedi Grace Kekana, leading today's meaningful initiatives alongside local traditional leaders and community stakeholders. Mayor of the Municipality, Councillor Shadrack Maluleke has also joined the MEC, taking over from Acting Mayor, Councillor Simon Mavikane who presided over the first session of Mandela day. Together, they are hitting the ground running in the heart of the Vhembe East zone, turning the spirit of Nelson Mandela into tangible action through sustainable agricultural development. This is more than just a celebration, it is about anchoring food security and fostering inclusive growth where it matters most. #MandelaDay #LimpopoAgriculture #RuralDevelopment #CollinsChabane #Tshikonelo #VhembeEast
